

IN THE SPECIFICATION

Applicant proposes amending the specification beginning at page 7, line 23, as follows:

The foregoing elements and assembly steps are described in greater detail below, but it is to be understood that the following descriptive examples of the invention are intended merely to provide an enabling disclosure and are not intended to limit the present invention to use only as shown in the Figures. ~~For instance, the clip 34 as a projection piece can be substituted for, or used in conjunction with, a helical thread 134 as described with respect to Figure 5 below. Likewise, the catch 20 as a holding piece of the cap member 12 can be substituted for, or combined with, a complementary helical thread 120 as in Figure 5.~~
